1445 Market Street, Denver
Dinner: 5:30 free Adult Beverages served
(map on the website)

Mini Inventor Showcase – Limited Space – For Table: 303-910-8889

Fishing Science, Inc

Fishing Science, Inc is on it's way to Wal-Mart. Getting a new product into a "big box" store is a frequent goal for most inventors and yet, it is one of the greatest dilemmas. Warren Roh and his partners are dedicated members of the IRT and have made great strides since most of you last heard from them. This is your opportunity to see their full line of products and to find out how they cracked the "big box"

IRT Objective:

The Inventors' Roundtable is a FREE, EDUCATIONAL roundtable meeting, where inventors and entrepreneurs can discuss the inventing, manufacturing, individual financing, and venture capital process. Patent attorneys and marketing, finance, venture capital, manufacturing (domestic and overseas) and licensing experts, as well as experienced inventors, donate their time so that newer inventors can reach their full potential without wasting time and/or money and without someone taking advantage of them. The Roundtable's motto is "Don't spend a dime before it's time."
